SHEEP IRELAND MULTIBREED RAM SALE

Kilkenny Mart, Co. Kilkenny, Saturday 22nd August 2026, at 10:30 am.

CONDITIONS OF SALE

1. The highest bidder to be the purchaser, subject to paragraph 3, and if any dispute should arise between two or more bidders then the lot in dispute to be put up again and re-sold, or the auctioneer may declare the purchaser.
2. Purchaser to give their names and place of abode in advance of the sale either by registering with Kilkenny Mart via "MartBids" (www.martbids.ie) or by calling the mart on 056 772 1407. A unique purchaser number will be assigned to each purchaser before sale commences. Purchaser is responsible for payment for relevant lot upon the fall of the hammer.
3. All lots to be cleared away at the buyers expense at the close of the sale, to be at the risk of the purchaser from the time the lot is sold and to be taken with all faults and errors of description.
4. All animals are sold as they stand and the purchaser is deemed to have examined each animal and fully satisfied himself/herself about the sheep prior to the sale.
5. Sheep to be sold in euros. Fees; sellers will pay a 2.5% commission that will be discounted by the mart and buyers will pay 5.0% commission.
6. The sellers and the auctioneers hereby excluded have described the sheep to the best of their ability and knowledge, any express or implied conditions, warranty or representation statutory or otherwise.
7. Sheep will be sold in the order in which they appear in the catalogue.
8. Re runs: First 4 lots of the sale in each sales ring can be re-run before the 2nd ballot of that breed commences. No additional re-runs will take place throughout the sale.
9. The appointed sales inspectors shall have absolute discretion to inspect and reject any sheep which, in their sole opinion, are unfit for sale, and their decision shall be final, conclusive, and not subject to appeal or dispute by any party.
10. Minimum Selling price: The minimum selling price for all rams is €300

Important:

Disclaimer of Liability: Sheep Ireland and Kilkenny Mart are not liable for any injury that occur to ram. Sheep Ireland and Kilkenny Mart make no representations, warranties, or guarantees, whether express or implied, regarding the fertility, breeding performance, or working ability of any ram sold through their sales or auctions. All animals are sold "as is" at the time of sale. It is the sole responsibility of the purchaser to thoroughly inspect, examine, and satisfy themselves as to the condition, health, and suitability of any ram prior to bidding or purchase. Once the hammer falls and ownership transfers to the purchaser, all risk, responsibility, and liability for the animal passes to the purchaser. Under no circumstances shall Sheep Ireland or Kilkenny Mart be liable to refund, reimburse, or otherwise compensate the purchaser for any loss, expense, or claim arising from a ram's failure to work, breed, or perform after the sale, regardless of cause.

Transport for rams

The following is a list of vendors who have kindly offered to transport rams back to their locality for prospective buyers. For anybody who purchases a ram either online or at the mart that needs transport for their ram, they should contact a breeder from this list to organize that transport themselves. Breeders are not responsible for the rams during transport

€uroStar Evaluation Explanation Page

Important: Information in this catalogue is provided for or by the breeder, who is solely responsible for its accuracy—not Sheep Ireland

Evaluations should not be the only selection tool you use—animals must also be physically assessed (e.g. mouth, feet). Physical faults cannot be offset by strong evaluations and should be avoided in breeding.

See below how to interpret the €uroStar catalogue.

€uroStars – How to interpret them

- Each star represents where the animal ranks on each index in 20% bounds
- ★ Represents the **bottom 20%** of the breed for that trait
- ★★★★★ represents the **top 20%** of the breed for that trait
- Higher stars = Higher predicted profitability €

Animals that only have the outline of a star represent animals that have within flock evaluations, this means the star rating of these animals cannot be compared to any other animals from a different flock.

Rank

- This figure shows where an animal ranks within its breed in 20% bands—for example, “Top 20%” corresponds to five stars, while “Top 21%” corresponds to four stars (see example below)

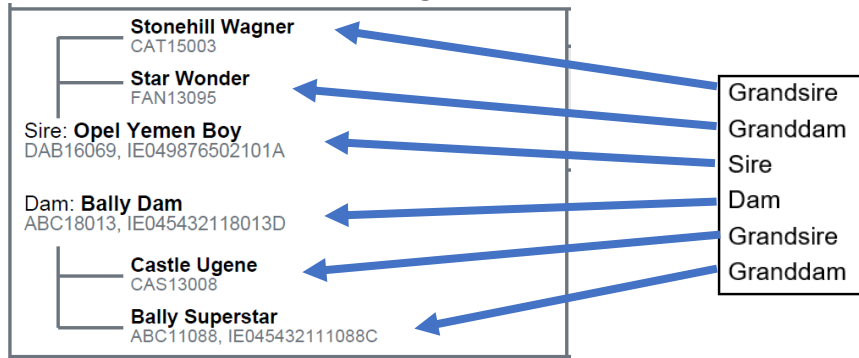

Acc% (Accuracy%)

- Accuracy indicates the amount of data behind each evaluation. Where Acc% is low, much less emphasis should be placed on the evaluation, and vice versa. Acc% is displayed for the Replacement and Terminal Index, e.g.

Acc 87%

Ancestry Information

Interpreting the Indexes and Traits

1) Replacement (€3.44) – Used to select rams for breeding both replacement females and slaughter lambs; This index combines survival, growth, fertility and milk traits. € value reflects **profit per lamb**, comparable across breeds.

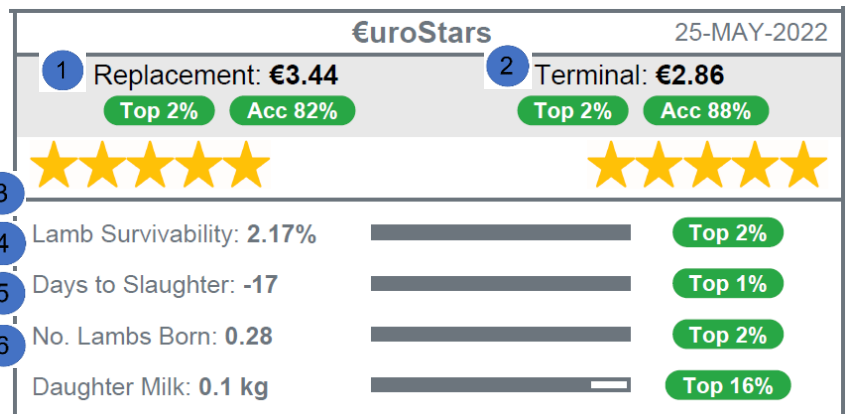

2) Terminal (€2.86) – Used to select rams for producing slaughter lambs; focuses mainly on survival and growth traits of progeny. € value reflects **profit per lamb**, comparable across breeds.

3) Lamb Survivability – Ranks animals based on lambing ease and lamb survival rate. Every positive % point on this index is an extra lamb surviving past 48hrs.

4) Days to Slaughter – Ranks animals on their genetic ability to grow. Fewer days indicates faster finishing to target weight.

5) No. of Lambs Born – Ranks animals based on the predicted prolificacy of the females from this animal compared with other animals of the same breed.

6) Daughters Milk – Ranks animals based on the predicted milking performance of their daughters compared with other animals of the same breed.
